

Priority One Worldwide Financial Report

Records of Spending

2017 Fiscal Year

At Priority One Worldwide, we are excited to be able to give over 100% of every donation and sponsorship to the field. Donors' funds are never used to fund salaries or advertisement costs - because we don't have them - nor is any donation used for Western operating budgets.

Below are two charts, one showing the amount received and one showing the amount spent. Now and then expenses do arise; members of the board step up to cover any of the fees and dues associated with operating a non-profit. This way, every cent given by a donor or sponsor can be sent overseas.

Donations Received	Expenses and Contributions
General Donations, Evangelist, & Orphan Sponsorship	Contributions, Service Charges, Non-Profit Dues

A Big Thanks!

Thank you for contributing through Priority One Worldwide. Because of your efforts, we were able to provide financial, spiritual, and physical aid to over 350 orphans, children, evangelists and their families, and countless volunteers working with the organizations with whom we partnered in Myanmar, Haiti, & Indonesia.

Breakdown
